Product size width > 12 cm (4.7 Inches)		•

2   Mount the UMB-S

Depending on the use, there are several options for mounting the UMB.

1   Mount the UMB on a flat surface with 4 screws.

📄 *Note:* Wall mounting is not allowed in USA due to lack of UL Listing.

2   Mount the UMB on a flat surface or onto a pole with 2 screws.
3   Mount the UMB onto a pole with 2 straps.

📄 *Note:* Mounting hardware is not a part of the kit.

## 3   Install the closure onto the UMB S

1   Secure the closure onto the UMB S with the features highlighted.

📄 *Note:* Make sure the handle is positioned centered in the bracket before installing the closure onto the UMB.

2   Move the closure to the mounting bracket. Then slide the closure downwards.
3   When a click sound is noticed, the closure is properly locked.

4   Detach the closure from the UMB S

1   The handle can be pushed left or right to unlock the closure.
2   Push the handle to one side.
3   Lift and remove the closure.

📄 *Note:* Verify that the handle is centered again.
